

SHANGPA NETWORK WORLDWIDE

USA, June 2008

We, the undersigned:

Norlha Rinpoché, Lodrö Rinpoché, Denys Rinpoché, Wangchen Rinpoché¹,
consensually founded “the Shangpa Network”.

Motivation: understanding that in an authentic bodhisattva attitude, cooperation is stronger than competition, we started the Shangpa Network to help the lineage, its holders, lamas and centres by means of an interdependent network of cooperation.

Definition: The Shangpa Network is non-hierarchical. It has neither director, nor owner, nor hierarch. Its principles, as well as the timing for launching its website (that will be the meeting place and the catalyser for the network) are described in other documents. The website will mainly present the Shangpa lineage, a directory of the Shangpa lamas, centres as well as projects of common interest open to all those motivated.

In such a way, the Shangpa Network has been founded consensually, as Vajra brothers,

Norlha Rinpoché, Lodrö Rinpoché, Denys Rinpoché, Wangchen Rinpoché
